Style

Waltz, confidence 0.90. Evidence Gemini 4 Argon saw: 3/4 waltz rhythm with rise and fall; box steps and quarter turns; maintaining an imaginary closed ballroom frame.

Signature of this piece

- **Shadow ballroom frame with headphones**: arms and upper torso; held static and upright while the lower body steps. Strongest at 9 s, 28 s, 58 s, 121 s.
- **Deliberate beginner box-step footwork**: legs and feet; measured, careful forward-side-together and back-side-together steps. Strongest at 20 s, 32 s, 75 s, 118 s.

Sections

Preparation and Frame 0:00 to 0:18

Formation: soloist on the right side of the deck. **Group:** soloist.

Techniques: Ballroom frame (Left arm raised at ear height as if holding a partner's hand, right arm curved forward at rib level.)

Close look (excerpt): 00:00.000 - 00:02.125: Empty terrace with wooden flooring, glass doors, patio furniture, and a mural. 00:02.125 - 00:03.750: A male dancer in a grey long-sleeved shirt, black trousers, dark shoes, and headphones enters from stage left, walking to the right-center while pointing his index fingers. 00:03.750 - 00:08.500: Facing stage right, he rolls his shoulders and shakes out his arms to loosen up. He steps his feet...

Basic Waltz Box and Quarter Turns 0:18 to 1:02

Formation: soloist moving around center and right. **Group:** soloist.

Techniques: Box step (Stepping forward/back, side, and closing feet together in three-beat patterns.); Rise and fall (Lowering into the knee on step one and rising slightly onto the balls of the feet as the feet close.)

Close look (excerpt): 18.250s - 20.500s: Forward Left-Foot Change (First Half of Waltz Box). The dancer begins his Ballroom Waltz demonstration facing the left side of the room (stage right). Maintaining his invisible partner hold—left arm raised with a 90-degree elbow bend, right arm extended forward at chest height—he executes the first half of a Left-Foot Box Step on a 1-2-3 count. At 18.500s (Count 1), he lowers slightly into his...

Reset 1:02 to 1:09

Formation: soloist on the left side. **Group:** soloist.

Techniques: Posture reset (Extending both arms wide and rolling the shoulders before re-establishing the partner hold.)

Close look (excerpt): Here is a detailed second-by-second breakdown of the dance segment from 01:02.000 to 01:08.875: 01:02.000 – 01:02.875: Breaking the Character and Stepping Upstage The dancer begins downstage left-center, facing the camera, still holding the residual tension of his robotic/puppet-like street-mime and popping character. His left arm is raised with a bent elbow, left index finger pointing slightly up, while his right...

Resumed Waltz Practice 1:09 to 2:09

Formation: soloist moving between left, center, and right. **Group:** soloist.

Techniques: Quarter turns (Rotating the box step ninety degrees at a time to travel around the floor.); Shadow partnering (Holding both arms in a fixed closed-hold shape throughout the footwork.)

Close look (excerpt): 69.0s–129.8s: Resumed Waltz Practice The dancer stands on the far left of the terrace, facing right in a Ballroom Waltz hold, with his left arm raised and bent at the elbow (holding an imaginary partner's hand) and his right arm curved in front of his torso (supporting an imaginary partner's back). His posture is upright, though his shoulders are slightly rounded, and his gaze is directed down toward his feet or...

Rehearsal script (26 lines)

Written by Gemini 4 Argon from the rehearsal, each line checked against the video at its moment. Live, each prompt quotes the nearest line as a reference for quality of language; Gemini Live describes what the dancer actually does that night.

2.1 s	Solo waltz: a dancer in headphones walks in, snapping his fingers.
9.1 s	He freezes in a shadow partner hold: left hand high, right arm curved.
15.4 s	Gaze lifted to his raised hand, he holds still for the verse.
19.7 s	Solo in a closed ballroom frame, stepping forward, side, together: a waltz box.
24.7 s	Back, side, together with a soft rise, eyes checking his footing.
28.1 s	Quarter-turning to face front, stepping wide and closing, upper frame locked still.
33.8 s	Stepping forward into a quarter turn left, shadow frame locked.
38.1 s	Another quarter turn faces the mural, feet closing neatly.
42.3 s	Turning through the box step to face front, gaze checking his footing.
49.3 s	Eyes lowered, he steps forward, side, and closes right.
55.0 s	Waltz steps travelling across the floor, hand steadying his headphones.
59.3 s	Shadow partner arms held still, he finishes a measured box step.
62.1 s	Drops the partner frame, walking casually back to the corner to reset.
67.0 s	Swings his arms wide, loosening his shoulders in profile to begin again.
70.5 s	Setting his shadow frame high, he steps forward with soft rise and fall.
75.5 s	Gaze lowered, he steps back, side, and closes his feet neatly together.
80.5 s	Quarter-turning front, he keeps his raised arm still over wide side steps.
87.5 s	Shadow frame held steady, he steps a careful box, glancing down.
94.5 s	Quarter-turning into profile, his torso and raised arms rotate as one block.
98.1 s	Stepping forward and back in profile, with a subtle rise and fall.
101.6 s	In profile, forward and back waltz box steps, shadow frame steady.
105.2 s	Waltz box step, glancing down at his feet as he steps forward.
109.5 s	Quarter turn right to face the mural, stepping wide and closing neatly.
116.5 s	He pivots into profile, arms locked in a static shadow partner frame.
120.7 s	Careful forward-and-back waltz box steps, rising softly as the feet close.
124.2 s	In shadow hold, he steps forward, then drops his frame.
